Everything for the Bakery

Oliver announces the production of their new Model 758 Front-Load Duo-Slicer. This slicer provides two slice thickness options in one machine! This allows you to increase your sliced bread program providing your customers with more options. Model 758 provides options using 25% less space and 50% less energy than two slicers.*

[Visit the 758 product page for more information.](#)

*vs. two model 732 slicers
