

Product Line	TYPE G	SPEC TYPEG/ 03-2013
Model	BATTER BOY	

For Fabulous Cupcakes

TYPE G 'BATTER BOY'

Uniform, accurate cupcake batter deposits

Belshaw's Type G 'BATTER BOY' is the ideal choice for accurately depositing cupcake batter. The gallon-size Batter Boy holds 10 lbs (4.5 kg), equivalent to eighty 2-ounce cupcakes. Belshaw's leakproof plunger mechanism provides accurate portion control at a variety of sizes, from mini to extra large.

The depositor is designed to be mastered by the novice in minutes. Operation is easily accomplished with minimal waste, and consistent deposits are easily delivered time after time. In ten minutes, about 20 dozen (and often more) deposits can be made.

Each depositor has 8 calibrated volume settings located on the comfortably shaped handle, giving a weight range from ½ oz to 3 oz (15g to 85g).

Each hopper is constructed of aluminum to reduce weight; each plunger and cylinder is constructed of stainless steel to assure durability. The entire unit is corrosion resistant and easy to clean.

The Type G Batter Boy is NSF certified.

ACCESSORIES

Optional stainless steel stand: simple, easy to keep clean, and helps keep your Batter Boy safe from damage (see photo)
